## SUMMARY

---

Adytia is an aspiring data analyst. Currently working as a leader for marketing and visual graphics. I want to explore a new opportunity in data science, it fascinates me how the data science is expanding. I am fast and agile to adapt new work environment. I recently finished RevoU Full Stack Data Analytics and already improved my capabilities and expand my network in data analytics. Right now, I work on internal project in data analytics to further enhance my skill and portfolio.

## EXPERIENCE

---

01/2022 - Present

### Lead Marketing and Visual Graphics

PT Nur Straits Engineering

Building digital marketing plan and strategies for a engineering consultant company, we are among the first who did it.

Managing marketing team and implementing our marketing activities in collaboration with digital marketing and website developer Communicating insight and recommendation to the upper management.

- Company social media

Achieving a respectable number of followers in short amount of time (currently 150+ followers). We analyze the user segmentation based on their demographic data and behavior to enhance our marketing effort.

- Company website development

We finish the development for entire website from the ground up (backend & frontend) for only 2 months.

01/2022 - 04/2022

### Full Stack Data Analytics Student

RevoU

Studying data analytics through and through. Starting from deciding business problem and root cause, defining important metrics to track, collect data and prepare/clean the data, analyze using various method, building report decks and dashboard to visualize the insights understandable and finally communicate the conclusions and recommendations to stakeholder.

Industry Knowledge :

- Root cause analysis, defining business problem, and making problem statement
- Exploratory data analysis, statistical data analysis, and hypothesis testing
- Machine learning, clustering, forecasting
- Data communication and visualization

08/2020 - 01/2022

### Tender Engineer & Graphic Designer

PT Nur Straits Engineering

Tender Engineer

Tender winning percentage 60%. Which is very high among competitors. I develop tender databases such as expert data, project data, company legal data to increase our productivity and winning rate.

Biggest projects won:

- Detailed Engineering Design for Tjilik Riwut Palangkaraya and HAS Hananjdoeddin Airport Overlay

- Jasa Marga Bridges Study Consultancy Services (TA 2020)

#### Graphic Designer

Designing visual graphics for company look and feel such as company presentation, company attributes, company reports. I tell our story based on visualization of the visual graphics like chart, and illustration. Thus we are trusted by our frequent clients such as Angkasa Pura I & Angkasa Pura II because our professional design and document cleanliness.

02/2018 - 04/2020

#### Proposal & Marketing Staff

PT Indra Karya (Persero)

Design a tender database system for upcoming tender. - increasing productivity rate by approximately 20%. Communicating which tender has the highest probability of winning and influence stakeholder to make decisions.

Biggest projects won:

- Supervision of the Tanjung Emas Branch Port Pond Dredging Work
- Supervision of Work for the Development of the West Kalibaru Terminal Phase I of Tanjung Emas Port
